\*Does not include Green Ridge Youth Center which is budgeted separately as a regionalized Youth Center.

### FY15 COMMITTED PROGRAM PER DIEM RATES

	Program Type	FY15 Per Diem Range*, ***	Avg. FY15 Per Diem Rate**
In-State	Treatment Foster Care	\$109.15 - \$276.08	\$162.03
	Group Home	\$173.93 - \$293.16	\$212.25
	Therapeutic Group Home	\$223.73 - \$269.54	\$255.29
	Independent Living	\$96.97 - \$179.07	\$126.43
	Alternative Living	\$254.11	\$254.11

Staff Secure		\$128.65 - \$335.00	\$219.96
Hardware Secure		\$330.00 - \$378.00	\$356.63

\*\*Per Diem Rates are presented for privately-operated programs that DJJ reimburses for service using a single rate. Rates are not presented for programs that are funded in whole or in part by other sources such as private health care insurance or Medicaid. IFCA and Psychiatric Hospitals are excluded as a class for this reason, and rates for Residential Treatment Centers are based on 6 of 11 programs utilized by DJJ.

\*\*Average per diem rate should not be used to calculate the total cost by program type given the range of per diem rates. The average per diem rate does not take into account individual program utilization and the total cost may vary substantially based on the number of youth who actually participate in each program.

\*\*\*Educational costs are not included in per diem rates. Educational costs may vary within a program depending on the combination of services provided (e.g., regular education vs. special education) and the educational needs of youth placed.

<sup>1</sup>The tables on the ATD pages report CD/EM combined so if a youth is transferred from CD to EM or vice versa, the youth is counted as one admission. Appendix M separates out CD from EM, so the sum of this total will be slightly higher than the totals presented on the ATD pages.

### DISPROPORTIONATE MINORITY CONTACT (DMC) STRATEGIES AND CONTACT INFORMATION

Effective DMC reduction strategies prevent entry and further involvement of youth of color in the juvenile justice system and eliminate disparate treatment of these youth in system decision-making. Efforts that are most successful also include strategies that increase cultural competence and responsiveness to specific needs of system-involved youth and families of color. These strategies include the following:

- School and Community-Based Diversion
- Detention Risk Screening
- Alternatives to Secure Detention
- Community Alternatives to Placement
- Cultural and Linguistic Competence
- Community Engagement
- Family Involvement
- Graduated Sanctions

### RELATIVE RATE INDEX (RRI)

The Relative Rate Index (RRI) is a measure of Disproportionate Minority Contact (DMC) with the juvenile justice system. It is a standardized tool for measuring how ethnic minorities compare with white youth at various contact points (arrest, court referral, etc.) The RRI was developed by the National Center for Juvenile Justice, with funding from the Office of Juvenile Justice and Delinquency Prevention (OJJDP), Office of Justice Programs, U.S. Department of Justice. For more detailed information, see:

<http://www.ojjdp.gov/ojstatbb/dmcdcb/asp/whatis.asp>

#### DEFINITIONS FOR KEY CONTACT POINTS

The definitions below describe each key contact point included in the tables that follow along with a brief explanation of each point. Understanding each contact point and how it is defined in the calculations will provide the basis for proper interpretation of the rates. Though not a 'contact point', the general youth population is included because it is a key data point for calculating the rate of contact.

Contact Point	Definition
<b>Population</b>	Population of youth ages 11 - 17 as of July 2014. Data from MD Dept. of Planning. <i>Note: DJS uses 11-17 as a population denominator due to the low number of cases under 11.</i>
<b>Arrests</b>	Arrests of juveniles under age 18 by law enforcement. Annual data extrapolated from Jul-Dec 2014 MD State Police arrests. Rate is based on youth in the general population.
<b>Referrals</b>	Juvenile complaints referred to DJS intake, from police or other sources, including delinquent and non-delinquent offenses, as recorded in ASSIST. Rate is per arrest.
<b>Diversion</b>	Complaints diverted by DJS Intake, (resolved or informally adjusted to pre-court supervision), without formal petition. Rate is per referral.
<b>Detention</b>	Cases resulting in detention both pre-disposition or pending placement, but does not include youth ejected to detention from a committed placement. Rate is per referral.
<b>Petitioned</b>	Complaints resulting in juvenile court petitions. Rate is per referral.
<b>Delinquent</b>	Complaints resulting in delinquent findings. Rate is per petition.
<b>Probation</b>	Probation dispositions. Rate is per delinquent finding.
<b>Confinement</b>	Youth placed in Secure Committed program: Victor Cullen, Carter Center or secure private out-of-state programs. Rate is per delinquent finding.
<b>Transferred</b>	Juvenile petitions waived up to adult court. Does not include charges under original adult jurisdiction. Rate is per petition.

#### RRI TABLE FOR ALL MINORITY YOUTH

The data presented here shows the RRI for minority youth compared to white youth. An RRI of 1.0 indicates no disparity at that decision point. A higher value means more disparity (higher minority over-representation), and a lesser value means under-representation. The RRI for each decision point is based on the number of youth of each race/ethnicity represented at that point compared with the number at the previous decision point.

#### RATES OF CONTACT FOR ALL YOUTH

This table shows the number and rate of representation for all youth, regardless of color, at each key juvenile justice decision point. The rates are based on the general population for this table, rather than based on the previous decision point.

<sup>1</sup> At all decision points, minority youth include: African American, Asian or Pacific Islander, American Indian or Alaskan Native, and Other/Unknown youth. Hispanic youth are categorized as White at the two decision points where arrest data are considered (i.e., Arrest and Referral) because the FBI's Uniform Crime Report does not distinguish Hispanic origin. For all other decision points, Hispanic youth are included in the count of minorities, as Hispanic origin is captured in the DJS ASSIST system.

- Statistically significant results are shaded; Results that are not statistically significant are shown in regular font
- Insufficient number of cases for analysis are shown as \*\*; An RRI of 1.0 indicates no disproportional contact. A rate higher than 1.0 indicates that minority youth are disproportionately over-represented at that decision point, and a rate below 1.0 shows they are under-represented.
