

## Section IV: Committed Programs

A local firefighter volunteered his time to speak with a youth at Green Ridge Youth Center about becoming a firefighter.

## Introduction to Committed Programs

The DJS Division of Operations is responsible for selecting the most appropriate out-of-home placement for youth who have been committed to the custody of DJS by the juvenile court. Program placements vary based on the treatment services provided as well as by security level. The full range of DJS placement options include: (a) Foster Care Homes (traditional and treatment foster care); (b) Group Homes (general service and therapeutic); (c) Independent Living Programs/Alternative Living Units (often used as a step-down from a more restrictive program placement); (d) Residential Treatment Centers (RTCs) and non-Medicaid Residential Treatment Facilities (out-of-state); (e) Intermediate Care Centers for Addictions (ICFAs); (f) Behavioral Programs, e.g. DJS-operated Youth Centers (including the Green Ridge Mountain Quest program) and out-of-state programs in a staff secure setting; and (g) Treatment Programs in a hardware secure setting, both DJS-operated and privately contracted out-of-state.

DJS has established three levels of residential program placements based largely on the level of program restrictiveness (see Figure below). Level I includes all programs where youth reside in a community setting and attend community schools. Level II includes programs where educational programming is provided on-grounds and youth movement and freedom is restricted primarily by staff monitoring and supervision. Level III programs provide the highest level of security by augmenting staff supervision with physical attributes of the facility, i.e., locks, bars and fences.

### PLACEMENT PROCESS

The DJS placement process is designed to select the most appropriate program and treatment services for committed youth. The process

### CAPACITY, ADP, AND SECURITY TYPE FOR STATE-OPERATED COMMITTED FACILITIES, FY 2015

Facility	Rated Capacity	ADP	Security Type
Backbone MountainYC	48	24.8	Staff
Green Ridge Mountain Quest	10	9.1	Staff
Green RidgeYC	30	15.2	Staff
J. DeWeese Carter Center	14	10.0	Hardware
Meadow MountainYC	40	27.6	Staff
Savage MountainYC	36	21.7	Staff
Victor Cullen Center	48	37.1	Hardware
Wm. Donald Schaefer House	19	12.0	Staff
<i>Total</i>	<i>245</i>	<i>157.6*</i>	<i>N/A</i>

\*Averages may not add to totals due to rounding.

The utilization rate for state-operated facilities was 64.3% in FY 2015.

begins with a comprehensive assessment of each youth. A staffing meeting is then held to bring together key staff members responsible for resource and treatment service planning. Principal participants include the youth's case manager, case manager supervisor, and resource coordinator as well as parents and/or guardians who are invited to participate.

At the staffing meeting, all pertinent information collected as part of the assessment is reviewed, including the current offense, delinquency history, social history, MCASP recommended supervision level, MCASP assessment of need, educational records, clinical assessments, and the involvement of any other state agency. The staffing meeting culminates with recommendations for program participation and/or treatment services tailored to the circumstances of each youth. DJS then refers the youth's case to the recommended programs for consideration. Programs may either accept or reject an applicant based on program eligibility criteria and capacity. Upon acceptance, program services are authorized by DJS prior to placement in the program.

DJS contracts with private in-state as well as out-of-state vendors to provide services to committed youth. A Certificate of Placement (COP) database is used to manage the referral and placement of youth with private providers. The database facilitates the placement process, for example, by automatically pulling staffing information from the DJS information system (ASSIST), creating program referral letters, and tracking acceptances and rejections from potential programs.

**Multidisciplinary Assessment Staffing Team (MAST):** DJS has augmented the placement process for cases at risk of being committed to out-of-home placement by creating a specialized diagnostic team responsible for assessing youth, who are detained and at risk of placement, prior to court disposition.

ASSIST is a live database; therefore, updates made subsequent to this data being run will not be included. Percentages may not add to 100% due to rounding. Data may not be comparable to previous Data Resource Guides due to methodology changes. VOPs are categorized by the original offense.

The process has been in place statewide since December 2013. The diagnostic team includes a psychologist, social worker, substance abuse counselor, community case manager, detention facility case manager supervisor, resource specialist, Maryland State Department of Education (MSDE) representative, and other disciplines as needed. Youth who require more specialized assessments (e.g., a neurological, psycho-sexual, or medical assessment) are referred for evaluation. Following this in-depth review, the team submits a report for the juvenile court to consider at disposition, including security and treatment recommendations.

**The Continuum of Care and Central Review Committee (CRC):** On occasion, the initial committed program placement may not be successful. Some youth run away from their placement or are ejected due to misbehavior. The behavioral, emotional, and/or medical needs of youth may also change. Continuum of Care legislation passed during the 2012 Legislative Session was implemented by the Department in July 2012. The legislation authorizes the Department to transfer youth directly from one facility or program to another facility or program (of equal or higher security level) without first requesting the court to modify the commitment order. The flexibility to move youth from one program to another is expected to reduce the need for secure detention as youth will no longer be detained pending court review and the subsequent placement decision-making process. This legislation is a key component of a larger reform effort to improve the assessment of youth, create a continuum of care, and establish length of stay guidelines. To manage this process, the Department established the CRC chaired by the Director of

Youth from the William Donald Schaefer House are in-studio recording their original music at Manta Ray Records as part of the “Leadership through Music” program.

Behavioral Health. The CRC conducts weekly case reviews of youth at risk of removal from a committed residential placement; directs changes in the provision of services; and makes placement transfer decisions.

**CHALLENGE Program:** DJS operates eight committed programs in Maryland (see table on pg. 125). The CHALLENGE program, was implemented in all of these facilities by October, 2012. CHALLENGE provides youth with clear behavioral expectations within a structured daily routine using positive reinforcers. The program is grounded in the principles of positive reinforcement and modeling and is designed to encourage youth to accept responsibility for their behavior and learn problem-solving and leadership skills. Staff members are trained to teach and model problem-solving and social skills. CHALLENGE facilitates order and security within the facility and promotes an environment characterized by respect and fairness that is conducive to treatment.

## EDUCATIONAL SERVICES

Educational services are provided to youth by the Maryland State Department of Education Juvenile Services Education System (MSDE JSES). JSES provides youth residing in all DJS residential facilities with the ability to earn a high school diploma via the earning of credits or passage of the GED. The MSDE JSES curriculum is currently based on the Maryland State College and Career Readiness Standards (CCRS). The curriculum includes grade level instruction in English, Social Studies, Mathematics, and Science. Middle school coursework and remediation for high school students is also offered in reading, written language, and math as appropriate. In addition to academics, the educational programs provide opportunities for each youth to develop career and technology skills. Eligible youth participate in mandated Partnership for Assessment of Readiness for College and Careers (PARCC) state assessments. Required services are provided to special education youth per their Individualized Education Programs (IEP).

MSDE JSES collaborates with Local Education Agencies (LEA) across Maryland as well as non-public and out-of-state schools. MSDE JSES staff at each DJS facility help facilitate appropriate instruction to youth in credit-bearing coursework and facilitate the successful transition of each youth as they return to their respective communities to the local public school or other appropriate educational program.

## BEHAVIORAL HEALTH SERVICES

**Mental Health Services in Facilities:** DJS Behavioral Health Services provides mental health screening, assessments, and short-term crisis services in departmental detention facilities, and treatment in longer-term, committed facilities. DJS Behavioral Health Services also provides oversight of contracted vendors providing these services. Services include: suicide prevention; crisis intervention and stabilization; medication evaluation and monitoring; brief individual,

Youth from Savage Mountain Youth Center enjoyed a day fishing and canoeing on the Savage River Dam.

group, and family therapy; and crisis counseling. As members of the facility team, behavioral health staff and contractors provide support, technical assistance, and education services to the other members of the team on topics related to mental health concerns and medication. In the detention centers, psychiatrists, social workers, and psychologists provide evaluations in order to assist the case management staff in identifying appropriate residential placements or community-based services. These decisions are based on the needs of the youth with public safety in mind.

**Mental Health Services in the Community:** Mental health treatment services received by youth on probation and aftercare are provided by local community and DJS providers. DJS Behavioral Health Services have licensed social workers and licensed professional counselors as members of the regional resource staff and on the DJS MAST teams to provide consultation and assistance to the DJS community staff. The behavioral health clinicians conduct psychosocial assessments for youth who are likely to be placed out-of-home and they also complete Determination of Need certificates for youth who will be placed in community-based placements including foster care, therapeutic foster care, group homes, and independent living. Behavioral health clinicians provide a link with the local mental health Core Service Agencies (the local mental health authority) to ensure that appropriate community and residential services are available to DJS youth.

**Substance Abuse Services in Facilities:** DJS Behavioral Health Services provides screening, assessment, and treatment services to

youth with substance abuse problems in each of the seven facilities. Certified addiction counselors screen and assess youth in detention and determine appropriate levels of substance abuse treatment needed by youth. These assessments assist case managers in linking youth with appropriate community and residential services. Counselors work closely with the Department's medical director for those youth requiring medication management as a result of their drug addiction. Each facility, with the exception of J. DeWeese Carter Center and Victor Cullen, has a substance abuse treatment component certified by the Maryland Department of Health and Mental Hygiene (DHMH), Office of Health Care Quality (OHCQ) under the authority of the Alcohol and Drug Abuse Administration (ADAA). All DJS committed facilities offer *Seven Challenges* substance abuse treatment, an evidence-based program implemented in 2009. A description of the services provided by each DJS facility is provided below:

- Backbone Mountain Youth Center: Early intervention, outpatient, and intensive outpatient levels of treatment (Certified)
- Green Ridge Youth Center: Early intervention, outpatient, and intensive outpatient levels of treatment (Certified)
- J. DeWeese Carter Center: Early intervention and outpatient levels of treatment (Not Certified)
- Meadow Mountain Youth Center: Intensive outpatient level of treatment (Certified)
- Savage Mountain Youth Center: Early intervention and outpatient levels of treatment (Certified)
- Victor Cullen Center: Early intervention, outpatient, and intensive outpatient levels of treatment (Not Certified)
- William Donald Schaefer House: Long-term (4 months), residential, medium intensity program (Certified)

**Substance Abuse Services in the Community:** The majority of substance abuse services received by youth on probation and aftercare are provided by local community providers. DJS provides linkages to these services through Drug Court and regular probation services. DJS Behavioral Health does provide funding for some of these services. However, the majority of funding comes through the DHMH/ADAA.

**Behavioral Health:** The Director of Behavioral Health has responsibility for establishing and implementing policies governing the delivery of mental health, substance abuse, evidenced-based services, and for hiring licensed, certified staff and contractors. In addition, the Director is responsible for working with other state agencies, including DHMH and the Governor's Office for Children (GOC), to ensure that DJS youth have access to services governed by and/or funded by these agencies. Finally, the Department's headquarters staff provide

**In partnership with Cumberland farmer Lou Simmons, youth from all four youth centers participated in an apple picking event. Simmons donates all of the fresh fruit to people in need.**

technical assistance as well as direct intervention to resolve interagency issues for the benefit of DJS youth.

The Department offers assistance, support, and information to all victims of juvenile crime and understands that the judicial process can seem overwhelming and complicated at times. In order to help victims proceed through the judicial system, DJS provides information and understanding of the juvenile court system, assures that victims are informed and aware of the rights afforded them under Maryland law, and advocates for their rights. The Department provides assistance with the preparation of victim impact statements and the enforcement of court orders for restitution via the restitution collection process. DJS also informs victims on how to initiate civil action on delinquent restitution accounts.

Referral to appropriate services is also available for all victims of juvenile crime who request assistance. Services may include, but are not limited to, referral for crisis intervention, emergency services, information regarding financial assistance, and information on case status and outcomes. DJS is committed to ensuring that all victims of juvenile crime are treated with dignity, respect, and sensitivity throughout the juvenile justice process.

## SOMATIC HEALTH

The Division of Somatic Health Services provides comprehensive, quality health care and nutritional services to youth residing at DJS residential facilities. Its mission is to protect, promote, and advance the health of all youth in the care of the Department. Medical, dental, and dietary services are provided in an interdisciplinary fashion that is developmentally appropriate for youth, and are delivered in accordance with standards set forth by the National Commission on Correctional Health Care, the American Academy of Pediatrics, the Centers for Disease Control, and the Food and Nutrition Board of the National Academy of Science.

Youth admitted to DJS residential facilities require on-going, routine preventative health care similar to other children their age. In addition, they may have unmet or chronic health care needs upon admission, or may develop an acute health condition that needs to be addressed. DJS ensures that each program has licensed nurses, physicians, dietitians, dental providers, and laboratory and pharmacy services to meet the health care needs of the youth. For specialty, surgical, emergency, or in-patient care that may be required, youth are transported to community providers as needed.

Each youth must have a current nursing assessment, history and physical examination, vision screening, and dental examination upon or soon after admission, as well as screening for tuberculosis, anemia, and sexually transmitted infections. Girls are provided comprehensive gynecological care either on-site or in the community in order to meet individual needs. Vaccine records are requested on all youth, and DJS makes every effort to fully immunize youth who are not up to date on recommended and required vaccinations. Youth are seen at regularly scheduled clinic times and as needed for “sick call” requests. In addition, they are seen at least monthly by nursing staff to check on their overall health status and weight.

In order to prepare youth for success upon re-entry into the community, nurses and other DJS staff provide youth with individual and/or group health education and coordinate discharge planning to ensure that youth have their medications or required follow-up medical appointments with community providers.

## DJS YOUTH CENTERS - CAREER & TECHNOLOGY AND THE GARRETT COLLEGE PROGRAMS

Youth Career and Technology programming at the DJS Youth Centers includes traditional building trades and aquaculture (an innovative green employment opportunity in Maryland). The Youth Centers developed an Aquaculture Technician Certificate that outlines necessary employment competencies and drives instruction. The aquaculture program is offered at the Meadow Mountain Youth Center. Successful youth earn an Aquaculture Technician I certificate. The other three Youth Centers also offer vocational programming on-site. Green Ridge and Backbone Mountain Youth Centers offer a 60-hour carpentry program. Students earn a certificate to document successful completion of the carpentry program and achievement of the program’s competencies.

At Backbone Mountain Youth Center, there is an innovative program that provides students with the unique opportunity to be simultaneously enrolled in high school classes and introductory college courses through Garrett College of Maryland. Students are screened through a referral, record review, and interview process for acceptance into the program. The Garrett College initiative has been operational since September 2006.

The Career and Technology programming has two goals for the youth – high school completion and job skill development. All students have

opportunities to participate in multiple community projects in order to put into practice the skills learned in the classroom.

## CLASSIFICATION

All DJS-operated facilities utilize an objective internal classification system to assess a youth's potential vulnerability and supervision needs. The results of the classification assessment are used to guide appropriate housing decisions and room assignments. The classification assessment is implemented for all youth upon admission to the facility, and allows for reclassification in response to circumstances or special needs that may require modification of housing or room assignment.

The Housing Classification Assessment considers the following factors when making housing and room assignments: (a) the severity of the current charge or adjudication; (b) the severity of the most serious prior adjudication; (c) the number of prior serious incidents in custody (youth-on-youth or youth-on-staff assaults, group disturbances,

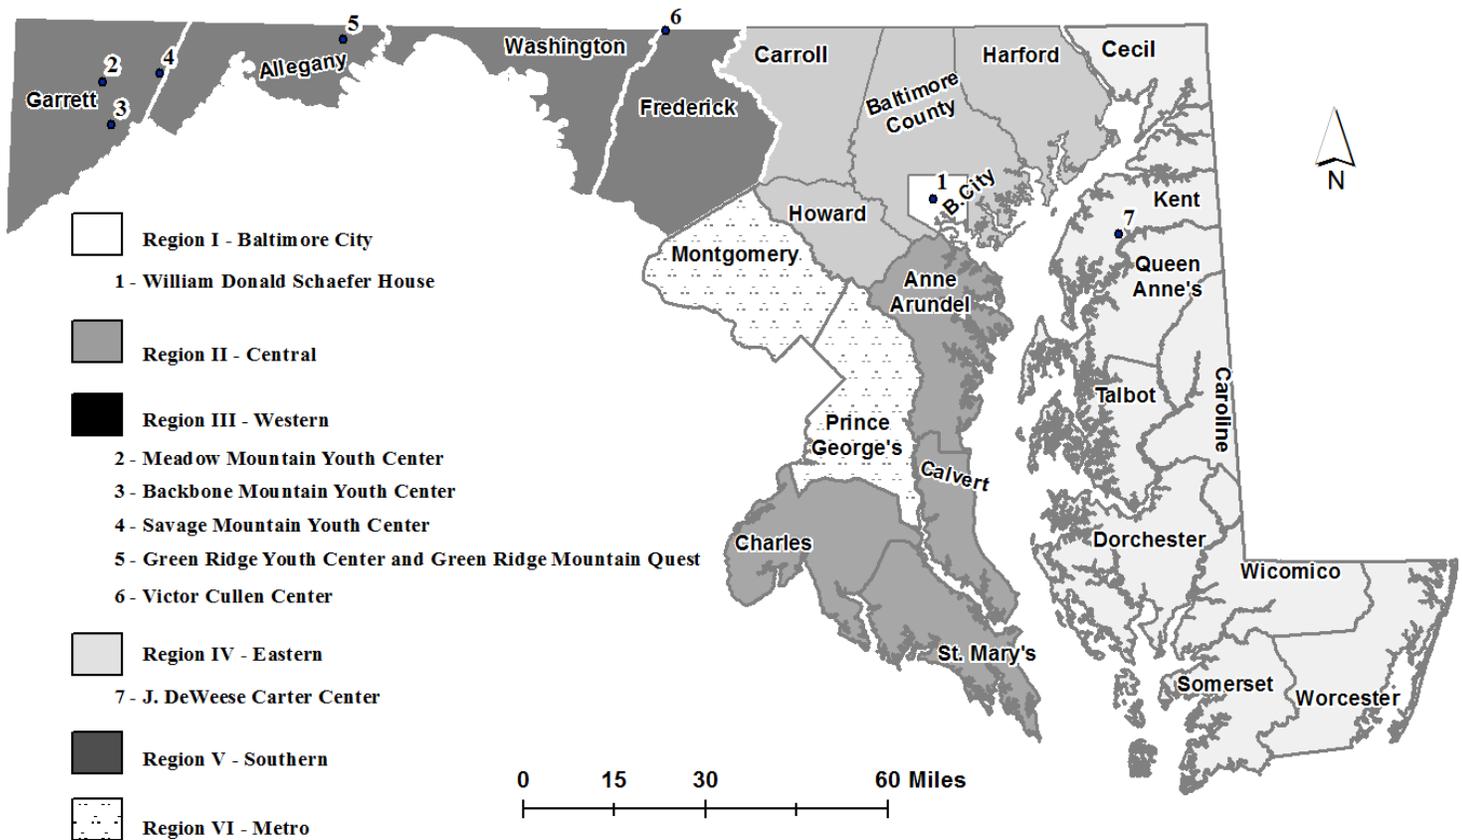

**A Note to Readers:**

*It is strongly recommended that readers review the following distinction as it will assist in understanding data presented in this section:*

**Placement versus Admission:** A placement is based on a decision made by the Department or a judge to place a youth into a committed program. An admission occurs when a youth physically enters a facility either through direct placement or through transfer. Therefore, during one placement, a youth may have several admissions and these counts will not match.

restraints, and escapes or attempted escapes); (d) age, size, and offense history of youth, especially when assigning two or more youth to a room; and (e) special needs including suicide risk, mental health, or other concerns that may merit higher or special supervision.

## DJS State-Operated Committed Programs by Region

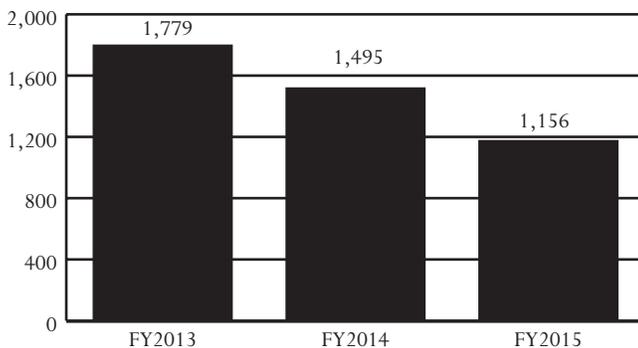

## Statewide Total

At disposition, the juvenile court may commit a youth to the care of DJS. Legal custody of the youth is thereby transferred to the Department. A range of out-of-home program options (or placements) have been developed for committed youth. Community-based program options include placement in a foster home, group home, or independent living program. Placements in non-community settings include Intermediate Care Facilities for Addictions (ICFA), Residential Treatment Centers (RTC), DJS-operated Youth Centers, and secure confinement facilities. DJS operates seven facilities in Maryland and contracts with others both in-state and out-of-state.

*Note: Though Community-Based Family Therapy Programs are presented within this section (pages 166-167), these data are not included on the statewide tables as these programs are not solely for committed youth. Data on the statewide pages only include youth in committed placements.*

### COMMITTED PLACEMENTS, FY 2013-2015

### COMMITTED PLACEMENTS BY DEMOGRAPHICS, FY 2013-2015

Demographics	FY2013	FY2014	FY2015
<b>Race/Ethnicity</b>			
Black	68.6%	70.6%	70.3%

18-20	14.0%	13.2%	14.0%
Error/Missing	0.0%	0.0%	0.0%
<b>Total Placements</b>	<b>1,779</b>	<b>1,495</b>	<b>1,156</b>

#### • Trends for Committed Placements:

- Committed placements decreased 35.0% between FY 2013 and FY 2015 and decreased 22.7% between FY 2014 and FY 2015

#### • First-Time Placements (FY 2015):

- Of the 1,156 committed placements 38.9% were first time placements.

#### • Juveniles Placed (FY 2015):

- 27.3% were from Metro Region, 20.4% were from Baltimore City and 18.8% were from Southern Region.
- Of those from Out-of-State, 11 were from Washington D.C., 1 was from New York, and 1 was from West Virginia.

#### • Offense Type (FY 2015):

- The most common offense type for juveniles placed in FY 2015 was Second Degree Assault (18.8%).

#### • Offense Category (FY 2015):

- The two most common offense categories were Misdemeanor Person-to-Person offenses (31.4%) and Misdemeanor Property offenses (24.5%).

- See the Terms and Concepts section for an explanation of felony and misdemeanor as the definitions are helpful when examining offense severity.

#### • Average Daily Population:

- ADP for all committed placements in FY 2015 was 711.1.

#### • Average Length of Stay:

- The average LOS for all committed placements was 229.2 days.

#### • Completion Status:

- 53.5% of releases in FY 2015 were considered successful.
- 28.6% of FY 2015 releases were considered unsuccessful.
- 17.9% of releases in FY 2015 were transferred to another program.

<sup>+</sup> Totals presented in the table include each type of facility reported in that broad category (For example: "Total Foster Care" includes Treatment Foster Care as well as Traditional Foster Care).

\* Statewide total placement counts excludes transfers within and between program/program types, therefore may not add up to the total program type placement counts provided in the table.

\*\* Data in this section include some probation and pre-disposition cases placed in hospital or diagnostic residential placements ordered by juvenile court.

## RELEASES BY COMPLETION STATUS<sup>1</sup>, FY 2015

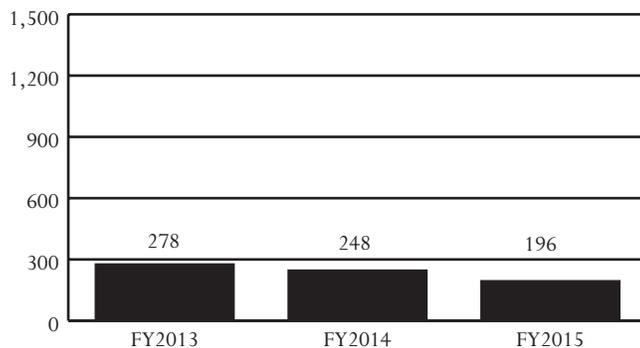

<sup>1</sup> Cases labeled as 'other' were manually checked including case worker notes. Release completion status is based on case worker determination.

\* Juveniles transferred to another program

## Statewide Females Only

Female youth represent approximately 17% of the population of youth committed to the care of the Department. Generally, girls are less likely than boys to be committed by the court for the commission of a felony offense and are more likely to report physical abuse, sexual abuse, and higher levels of family dysfunction. With the exception of staff secure behavioral facilities such as the DJS-operated Youth Centers, the same continuum of placement options is available to both girls and boys. Community-based program options include placement in a foster home, group home, or independent living program. Placements in non-community settings include Intermediate Care Facilities for Addictions (ICFA), Residential Treatment Centers (RTC), and the J. DeWeese Carter Center (a hardware secure, DJS-operated facility for girls). Out-of-state contracted programs are also available, however, girls are most likely to be placed in a group home or RTC. Placement in an out-of-state program is uncommon.

### COMMITTED PLACEMENTS, FY 2013-2015

### COMMITTED PLACEMENTS BY DEMOGRAPHICS, FY 2013-2015

Demographics	FY2013	FY2014	FY2015

<b>Total*</b>	<b>278</b>	<b>248</b>	<b>196</b>	<b>126.4**</b>	<b>220.1</b>

<sup>+</sup> Totals presented in the table include each type of facility reported in that broad category (For example: "Total Foster Care" includes Treatment Foster Care as well as Traditional Foster Care).

\* Total placement count excludes transfers within and between program and/or program types; therefore may not add up to the total program type provided in this table.

\*\* Data in this section include some probation and pre-disposition cases placed in hospital or diagnostic residential placements ordered by juvenile court.

## RELEASES BY COMPLETION STATUS<sup>1</sup>, FY 2015

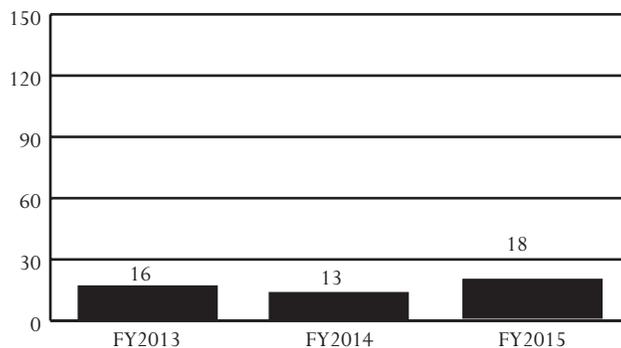

<sup>1</sup> Cases labeled as 'other' were manually checked including case worker notes. Release completion status is based on case worker determination.

\* Juveniles transferred to another program

## Statewide Under Age 13 Only

Youth who are under 13 and committed to the care of DJS may be placed in a range of residential facilities. State owned and operated committed facilities are designed for youth age 13 years and older. Because of the needs of youth under age 13, they are most frequently placed in treatment foster care, group homes, therapeutic group homes, diagnostic units, or Residential Treatment Centers (RTC). Wherever placed, youth under age 13 receive all the same services that other committed youth receive.

### COMMITTED PLACEMENTS, FY 2013-2015

### COMMITTED PLACEMENTS BY DEMOGRAPHICS, FY 2013-2015

Demographics	FY2013	FY2014	FY2015

<b>Total Placements</b>	<b>16</b>	<b>13</b>	<b>18</b>

#### • Trends for Committed Placements:

- Committed placements increased 12.5% between FY 2013 and FY 2015 and increased 38.5% between FY 2014 and FY 2015

#### • First-Time Placements (FY 2015):

- Of the 18 committed placements, 50.0% were first-time placements.

#### • Juveniles Placed (FY 2015):

- 38.9% were from Baltimore City, 27.8% were from Southern Region, and 16.7% were each from Eastern Region, and Western Region.
- There were no juveniles from Out-of-State.

#### • Offense Type (FY 2015):

- The most common offense type for juveniles placed in FY 2015 was Second Degree Assault (27.8%).

#### • Offense Category (FY 2015):

- The two most common offense categories were Misdemeanor Person-to-Person offenses and Misdemeanor Property offenses (33.3%) each.
- See the Terms and Concepts section for an explanation of felony and misdemeanor as the definitions are helpful when examining offense severity.

#### • Average Daily Population:

- ADP for all committed placements in FY 2015 was 14.9.

#### • Average Length of Stay:

- The average LOS for all committed placements was 332.1 days.

#### • Completion Status:

- 31.8% of releases in FY 2015 were considered successful.
- 13.6% of FY 2015 releases were considered unsuccessful.
- 54.5% of releases in FY 2015 were transferred to another program.

<b>Total**</b>	<b>16</b>	<b>13</b>	<b>18</b>	<b>14.9</b>	<b>332.1</b>

<sup>+</sup> Totals presented in the table include each type of facility reported in that broad category (For example: "Total Foster Care" includes Treatment Foster Care as well as Traditional Foster Care).

\* ADP and ALOS reflect youth who were released in FY 2015 and were 13 years of age at the time of admission.

\*\* Total placement count excludes transfers within and between program and/or program types; therefore may not add up to the total program type provided in this table.

## RELEASES BY COMPLETION STATUS<sup>1</sup>, FY 2015

<sup>1</sup> Cases labeled as 'other' were manually checked including case worker notes. Release completion status is based on case worker determination.

\* Juveniles transferred to another program

## Foster Care

Traditional Foster Care is continuous 24-hour care and supportive services provided to a youth in a DJS-approved family home. The foster family serves low-risk youth who cannot be managed in their own homes. Youth served may be experiencing behavioral problems and need a respite from family/neighborhood issues. Foster Care also serves youth who need long-term placement, primarily because homes may not be appropriate for youth to return. Treatment Foster Care (TFC) is continuous 24-hour care and intensive support services operated by a licensed child placement agency or local Department of Social Services in a family setting for children with serious emotional, behavioral, medical, and/or psychological conditions. The behaviors of the youth served are not so severe that removal from the community is necessary.

### ADMISSIONS AND ADP BY PROGRAM, FY 2015

Treatment Foster Care	County	Adm.	ADP
Arrow Child & Fam. Ministries	Balt. Co.	3	2.9
Board of Child Care	Balt. Co.	1	0.5
Children's Home <sup>+</sup>	Balt. Co.	0	0.4

Ment. MD - Salisbury Teens	Wicomico	24	29.7
Multi-Dimen. Com. Solutions	Balt. Co.	2	1.2
New Pathways <sup>1</sup>	Balt. Co.	0	0.0
Pressley Ridge	Allegany	10	8.2
PSI Services III	Balt. Co.	2	4.6
San Mar	Washington	2	0.8
Woodbourne Center	Balt. City	6	3.7
Traditional Foster Care			
Individual Families	N/A	5	2.9
<b>Total Admissions</b>	<i>All</i>	<b>74</b>	<b>75.6</b>

<sup>+</sup>Although there were no admissions to this program in FY 2015, ADP reflects a balance from prior FYs.

<sup>1</sup>Although there were no admissions and 0.0 ADP for this program in FY 2015, it remains on the table since DJS has an active contract for services.

Woodbourne Center's Main Building

- **Trends for Program Placements:**
  - Between FY 2013 and FY 2015, overall placements to foster care decreased 39.5%.
- **Program Admissions:**
  - In FY 2015, Mentor Maryland - Salisbury Teens had the highest number of admissions.
- **Region of Residence (FY 2015):**
  - 25.0% were from Eastern Region, 20.8% were from Southern Region and 18.1% were from Baltimore City.
  - Of those from Out-of-State, 1 was from West Virginia, and 1 was from Washington D.C..
- **Offense Type (FY 2015):**
  - The most common offense type for juveniles placed in FY 2015 was Second Degree Assault (33.3%).
- **Offense Category (FY 2015):**
  - The two most common offense categories were Misdemeanor Person-to-Person offenses (40.3%) and Misdemeanor Property offenses (30.6%).
  - See the Terms and Concepts section for an explanation of felony and misdemeanor as the definitions are helpful when examining offense severity.
- **Average Daily Population:**
  - ADP increased 12.3% between FY 2013 and FY 2015 and decreased 13.1% between FY 2014 and FY 2015.
- **Average Length of Stay:**
  - The average LOS increased 21.0% between FY 2013 and FY 2015 and increased 29.6% between FY 2014 and FY 2015.
- **Completion Status:**
  - 33.7% of releases in FY 2015 were considered successful.
  - 42.4% of FY 2015 releases were considered unsuccessful.
  - 23.9% of releases in FY 2015 were transferred to another program.

## Group Homes

General group homes are non-profit residential programs for youth in out-of-home placement licensed by DHR, DJS, or the Behavioral Health Administration, which is part of DHMH. They provide out-of-home care for four or more youth who are moderate- to high-risk, and need more structure and supervision than a relative, foster parent, or treatment foster parent could offer. General group homes also provide a formal program of basic care, social work, and health care services. Therapeutic group homes (TGH) are residential programs for youth in out-of-home care that are licensed by MHA and must be non-profit organizations. TGHs provide access to a range of diagnostic and therapeutic mental health services to youth who are moderate- to high-risk and have an emotional or developmental disability. Those TGHs that provide educational programs on their grounds are considered to be staff secure programs.

### ADMISSIONS AND ADP BY PROGRAM, FY 2015

## RELEASES BY COMPLETION STATUS<sup>1</sup>, FY 2015

<sup>1</sup> Cases labeled as 'other' were manually checked including case worker notes. Release completion status is based on case worker determination.

\* Juveniles transferred to another program

ASSIST is a live database; therefore, updates made subsequent to this data being run will not be included. Percentages may not add to 100% due to rounding. Data may not be comparable to previous Data Resource Guides due to methodology changes. VOPs are categorized by the original offense.

## Independent Living Programs (Including Alternative Living Units and Respite Care)

Independent Living Programs are implemented by a child placement agency licensed by DHR for youth 15 to 21 years of age who need to become self-sufficient and learn responsible living skills as they are unlikely to return home. Youth reside in either group homes or supervised apartment units, and must be enrolled in high school, college, vocational training, or be gainfully employed. During the program, youth learn about interpersonal skills, money management, job readiness, conflict management, positive leisure opportunities, and communication skills. Alternative Living Units are residences owned, leased, or operated by a licensee that: (a) provides residential services for children who, because of a developmental disability, require specialized living arrangements; (b) admits not more than three children; and (c) provides 24 hours of supervision per unit, per day.

### ADMISSIONS AND ADP BY PROGRAM, FY 2015

Independent Living	County	Adm.	ADP
Damamli	Balt. Co.	3	1.8
Future Bound	Mont.	2	1.6
Ment. MD - Baltimore	Balt. Co.	3	4.4
Ment. MD - Salisbury	Wicomico	2	1.8
New Pathways - Independ.	Balt. City	3	1.2
Transition Age Yth Prog. (TAY) <sup>+</sup>	Balt. Co.	0	0.2
Alternative Living Units			
Arrow Child & Family Ministri.	Balt. Co.	2	2.2
Respite Care			
Sheppard Pratt Towson Respite <sup>1</sup>	Balt. Co.	0	0.0
<b>Total Admissions</b>	<i>All</i>	<b>15</b>	<b>13.3</b>

<sup>+</sup>Although there were no admissions to this program in FY 2015, ADP reflects a balance from prior FYs.

<sup>1</sup>Although there were no admissions and 0.0 ADP for this program in FY 2015, it remains on the table since DJS has an active contract for services.

Transition Age Youth Program (TAY)

- **Trends for Program Placements:**
  - Between FY 2013 and FY 2015, overall placements to independent living programs/alternative living programs decreased 65.9%.
- **Program Admissions:**
  - In FY 2015, all programs had a similar number of admissions.
- **Region of Residence (FY 2015):**
  - 46.7% were from Baltimore City, 13.3% were each from Central Region, Eastern Region, and Southern Region.
  - There were no juveniles from Out-of-State.
- **Offense Type (FY 2015):**
  - The most common offense type for juveniles placed in FY 2015 was Second Degree Assault (33.3%).
- **Offense Category (FY 2015):**
  - The two most common offense categories were Misdemeanor Person-to-Person offenses (46.7%) and Misdemeanor Property offenses (20.0%).
  - See the *Terms and Concepts* section for an explanation of felony and misdemeanor as the definitions are helpful when examining offense severity.
- **Average Daily Population:**
  - ADP decreased 53.7% between FY 2013 and FY 2015 and decreased 49.8% between FY 2014 and FY 2015.
- **Average Length of Stay:**
  - The average LOS increased 14.9% between FY 2013 and FY 2015 and decreased 17.6% between FY 2014 and FY 2015.
- **Completion Status:**
  - 42.1% of releases in FY 2015 were considered successful.
  - 36.8% of FY 2015 releases were considered unsuccessful.
  - 21.1% of releases in FY 2015 were transferred to another program.

## Intermediate Care Facilities for Addictions (ICFAs)

An ICFA is the most intensive level for residential substance abuse services, providing drug and alcohol abuse assessment, treatment, and/or education for moderate- to high-risk youth. Youth served may have problems in other aspects of their lives, i.e., mental health, school, family, peer group, and/or community. These programs are intense, closed programs able to serve not only substance abusing youth, but also dually diagnosed youth, that is, youth who have both a psychiatric diagnosis and an assessed substance abuse problem. These programs are intended to stabilize youth, initiate drug treatment and/or counseling services, and develop recommendations for services upon discharge.

### ADMISSIONS AND ADP BY PROGRAM, FY 2015

ICFA	County	Adm.	ADP

## Residential Treatment Centers (Includes Psychiatric Hospitals & Diagnostic Units/CEUs)

Residential Treatment Centers (RTCs) provide more intensive psychiatric and psychological treatment services. They are required to have psychiatrists, psychologists, and psychiatric nurses on staff to lead treatment. Maryland RTCs are approved for operation through the State Certificate of Need (CON) process and are licensed through the Mental Health Administration. Some RTCs concentrate on specific populations of youth. For example, locked RTCs focus on youth with behavioral problems and/or who are considered to be potentially harmful to self or others. The RTCs are intended to stabilize the youth's emotional condition; to provide services that increase the youth's ability to manage his/her mental illness as a potentially life-long challenge; to help the youth develop social skills for coping with both daily and difficult situations and interpersonal relationships; and to transition the youth to a less restrictive environment or home.

### ADMISSIONS AND ADP BY PROGRAM, FY 2015

## Out-of-State (OOS) Programs

DJS policy states that youth may not be placed out-of-state without the approval of the Secretary or designee. The Department adheres to Interstate Compact requirements and agreements with other states regarding requests for permission and notifications when youth are placed in another state. Maryland Law includes specific criteria for out-of-state placement including the condition that a youth's individualized needs cannot be met through in-state resources. Youth placed in out-of-state facilities are visited by DJS staff at least quarterly and parents/guardians are provided with opportunities to visit youth at least once per quarter. *Note: Although MD Law specifies numerous OOS program types (i.e. group homes, RTCs, hospitals, etc.), data will be presented on this page only for programs not already captured on a previous page in the Data Resource Guide.*

- **Trends for Program Placements:**
  - Between FY 2013 and FY 2015, overall placements to out-of-state programs decreased 29.7%.
- **Program Admissions:**
  - In FY 2015, Glen Mills School had the highest number of admissions.
- **Region of Residence (FY 2015):**
  - 46.7% were from Metro Region, 27.8% were from Baltimore City and 11.1% were from Southern Region.
  - The 3 placements from Out-of-State were from Washington D.C.
- **Offense Type (FY 2015):**
  - The most common offense type for juveniles placed in FY 2015 was Second Degree Assault (20.0%).
- **Offense Category (FY 2015):**
  - The two most common offense categories were Crimes of Violence Felony offenses (33.3%) and Misdemeanor Person-to-Person offenses (27.8%).
  - See the Terms and Concepts section for an explanation of felony and misdemeanor as the definitions are helpful when examining offense severity.
- **Average Daily Population:**
  - ADP decreased 32.4% between FY 2013 and FY 2015 and decreased 14.9% between FY 2014 and FY 2015.
- **Average Length of Stay:**
  - The average LOS increased 0.2% between FY 2013 and FY 2015 and decreased 8.9% between FY 2014 and FY 2015.
- **Completion Status:**
  - 63.2% of releases in FY 2015 were considered successful.
  - 21.7% of FY 2015 releases were considered unsuccessful.
  - 15.1% of releases in FY 2015 were transferred to another program.

## Backbone Mountain Youth Center (State-Operated)

Superintendent: Danjuma Gaskins

Staff Secure - Region III - Western

Rated Capacity: 48 Males

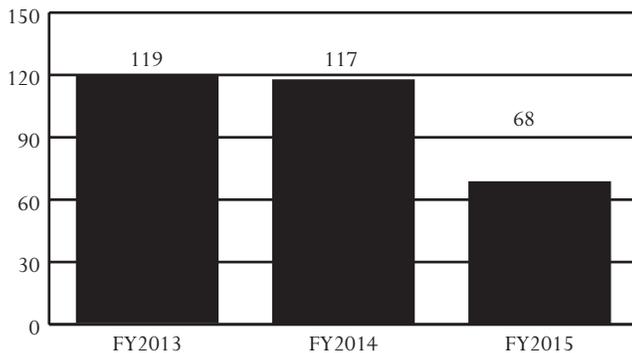

Rte 1, 124 Camp 4 Road

Swanton, MD 21562

301-359-9190

The Youth Center opened in 1966 as a 35-bed forestry camp on Backbone Mountain in Garrett County with funds appropriated by the General Assembly and became a youth center in 1977. In 2013, the Maryland State Department of Education assumed responsibility for the educational program and began providing academic and vocational services. Previously, DJS had provided the educational program. The school offers a 12-month schedule with six hours of daily instruction five days a week in English, mathematics, science, social studies, health and life skills, and individualized programs to prepare students for the GED exam. The College Program is offered in conjunction with Garrett College of Maryland. Students are screened through a referral, record review, and interview for acceptance into the program. Selected students are admitted for one college semester while in the DJS's care and earn a Maryland High School Diploma as well as up to 15 college credits. Youth receive individual and group substance abuse interventions, individual therapy/counseling, and psychiatric services.

## Green Ridge Mountain Quest (State-Operated)

Superintendent: Judy Hodel

Staff Secure - Region III - Western

Rated Capacity: 10 Males

10700 Fifteen Mile Creek Road

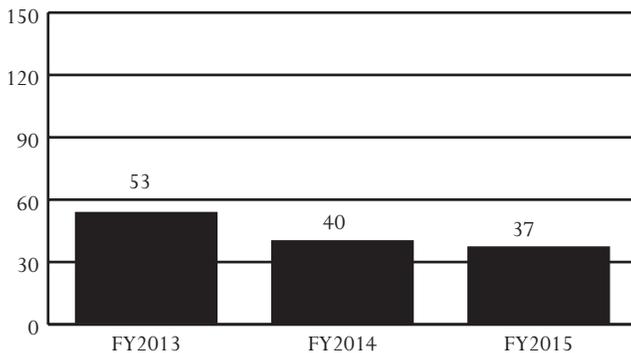

Flintstone, MD 21530

301-478-2930

Mountain Quest is a 90-day program for committed males age 13-18 located at Green Ridge Youth Center. Mountain Quest is a first-time commitment program that provides youth time away from their families and communities giving them the opportunity to change their behavior while learning responsibility for their actions. The Mountain Quest program gives youth the opportunity to work on thought patterns and behaviors that will help them become successful in treatment when they return to the community. Family work and interventions are critical at this time to better assess needs and provide an open line of communication. Mental health counseling is provided on an as-needed basis.

Mountain Quest provides six hours of MSDE instruction per day along with social skills, team building, and communication skills. Social skills are taught five hours per week to give youth the skills needed for conflict resolution, victim awareness, improved family dynamics, and positive self-esteem. Regular family interaction is encouraged with visits, phone calls, family days, and family counseling.

301-478-2930

Built originally as a Civilian Conservation Corps Camp, Green Ridge Youth Center has had a variety of uses in its 90-year history. Currently, Green Ridge is a treatment center for males age 13-18. The facility offers programming that includes the Seven Challenges drug treatment program and CHALLENGE, DJS' behavioral modification program. Green Ridge offers intensive outpatient counseling as well as outpatient and early intervention substance abuse treatment. Individual and family counseling are also offered for every youth. In 2013, the Maryland State Department of Education assumed responsibility for educational programming and began providing academic and vocational services. Previously, DJS provided the educational program. The school offers a 12-month schedule including six hours of daily instruction five days a week in English, mathematics, science, social studies, health and life skills, OSHA and ServSafe Certification, and individualized programs to prepare students for the GED exam.

## J. DeWeese Carter Center

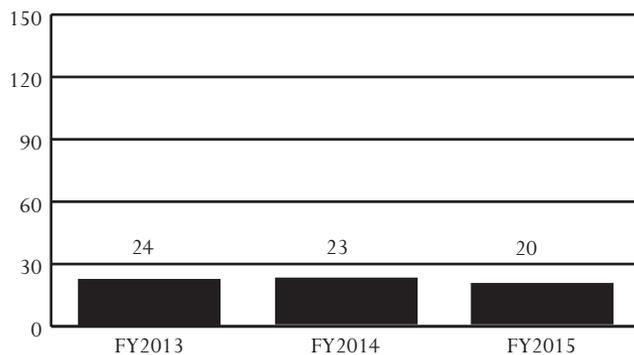

Superintendent: Annette Miller  
Rated Capacity: 14 Females

Hardware Secure - Region IV - Eastern

300 Scheeler Road  
Chestertown, MD 21620  
410-778-6444

J. DeWeese Carter Center opened as a secure residential facility in November 2011 to serve females age 14-18 who are committed to DJS. The program provides gender responsive, trauma-informed rehabilitation and treatment services. The Center implements CHALLENGE, a behavioral management program that establishes structure for an environment of respect and fairness conducive to treatment and rehabilitation. The program's goals for the girls include accepting responsibility for behavior, learning problem solving strategies and peer leadership skills, and developing/improving pro-social skills. Services include individual and group therapy, substance abuse education and treatment, health education, medication assessment and monitoring, and family therapy. The Maryland State Department of Education provides academic and vocational services. The school provides a 12-month schedule that includes six hours of daily instruction five days a week in English, mathematics, science, social studies, health, life skills, as well as individualized GED programs that prepare students for successful completion of a high school diploma examination. MSDE offers vocational programming in computer literacy, Introduction to telecommunications, and the ServSafe Program, all of which allow girls to earn certificates to help them secure employment at discharge.

## Meadow Mountain Youth Center (State-Operated)

Superintendent: Leslie Wilhelm

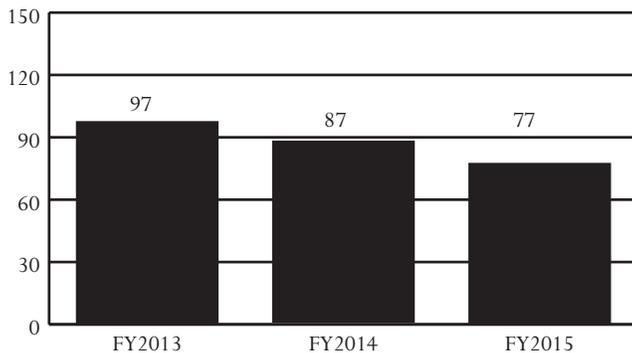

Staff Secure - Region III - Western

Rated Capacity: 40 Males

234 Recovery Road  
Grantsville, MD 21535  
301-895-5669

Meadow Mountain Youth Center opened as a forestry camp for boys in June, 1958 and reopened as Meadow Mountain Youth Center in October, 1984. The Center offers an intensive out-patient program providing youth with at least nine hours of drug treatment weekly, which includes Seven Challenges group therapy. The facility also provides CHALLENGE, DJS' behavioral modification program. Additionally, Meadow Mountain houses the Reflections Program which includes a high and low ropes challenge course, an aquatic challenge, and different outdoor activities. In 2013, the Maryland State Department of Education assumed responsibility for the educational program and began providing academic and vocational services. Previously, DJS had provided the educational program including an aquaculture vocational program in which students earned a 60 hour certificate with competencies needed to become an Aquaculture Technician I. The school offers a 12-month schedule that includes six hours of daily instruction five days a week in English, mathematics, science, social studies, health and life skills, as well as individualized programs to prepare students for the GED exam. Youth also receive individual counseling/therapy and psychiatric services if needed.

## Savage Mountain Youth Center (State-Operated)

Superintendent: Todd Foote

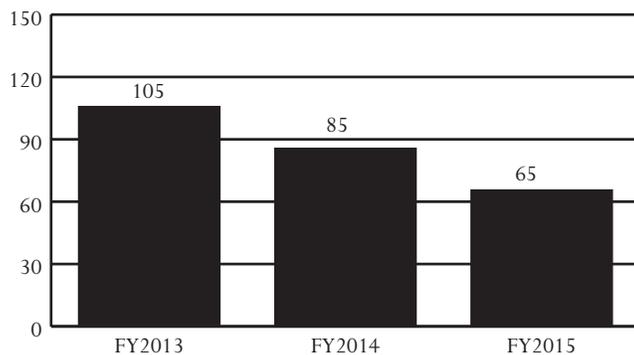

Rated Capacity: 36 Males

Staff Secure - Region III - Western

164 Freedom Lane  
Lonaconing, MD 21539  
301-463-2244

The success of the first forestry camp for boys at Green Ridge prompted the General Assembly to appropriate funds for additional facilities in 1956 (Chapter 98, Acts of 1956). Lonaconing Forestry Camp for Boys opened in December 1957 and was charged with the rehabilitation of adjudicated males 14-18 years of age. The Camp was renamed Savage Mountain Youth Center in 1977. In December 1999, the Center closed but was reopened in April 2001. Until June 2013, DJS operated the Savage Mountain School that provided regular classroom instruction, GED preparation, and an automotive vocational program in which students earned a 60-hour certificate listing the automotive competencies learned. As of June 2013, the Maryland State Department of Education assumed responsibility for the educational program and began providing academic and vocational services. The school offers a 12-month schedule that includes six hours of daily instruction five days a week in English, mathematics, science, social studies, health and life skills, as well as individualized programs that prepare students for successful completion of the GED.

## Victor Cullen Center (State-Operated)

Superintendent: James Washington

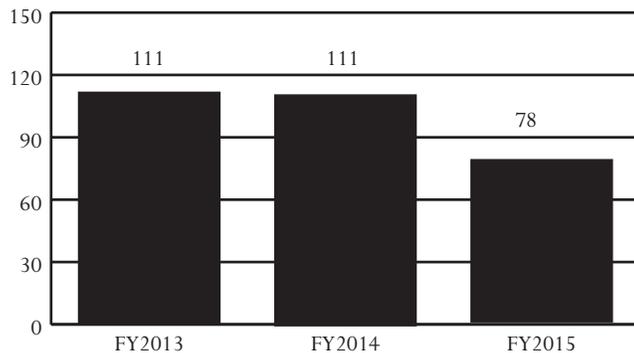

Rated Capacity: 48 Males

Hardware Secure - Region III - Western

6000 Cullen Drive  
Sabillasville, MD 21780  
301-739-7543

The Victor Cullen Center (VCC) was originally a sanatorium for tuberculosis patients named after the physician in charge of the institution, Dr. Victor F. Cullen. In July 2007, VCC reopened under state administration as a regional committed treatment center. VCC is a secure facility for delinquent males primarily serving youth ages 15-18 in a six- to nine-month treatment program for mental health issues and/or substance abuse. Presently, DJS oversees the treatment/residential programs while the Maryland State Board of Education oversees the education program. The Center implements CHALLENGE, a behavioral management program that establishes structure for an environment of respect and fairness conducive to treatment and rehabilitation. This includes reinforcing appropriate coping behaviors, providing group interventions in community problem-solving and pro-social skills, and offering opportunities to expand vocational and educational competencies. Behavioral health services include individual, group and family psychotherapy, psychiatric services including medication assessment and management, and emergency psychiatric/crisis intervention. Substance abuse services are also provided on multiple intensity levels dependent upon the youth's assessed need.

## William Donald Schaefer House (State-Operated)

Superintendent: Johnitha McNair

Rated Capacity: 19 Males

Staff Secure - Region I - Baltimore City

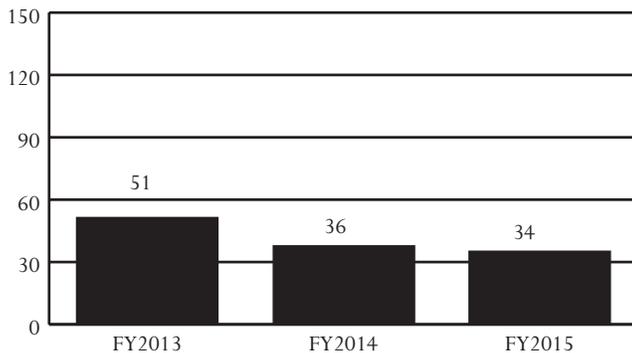

907 Druid Park Lake Drive

Baltimore, MD 21217

410-230-3193

Opened in 1992, William Donald Schaefer House is situated across from Baltimore City's Druid Hill Park. It provides services to males ages 14-17 and is accredited by the Maryland Alcohol and Drug Abuse Administration and certified by the Department of Health and Mental Hygiene. Substance abuse treatment using the evidence-based *Seven Challenges* program is provided in a small, nurturing environment with intensive individual and group counseling daily. Youth attend alcohol and drug education groups five days a week, and health education classes given by the program's registered nurse. They also attend school five days per week, six hours per day, overseen by the Maryland State Board of Education. Youth may earn credits to be transferred to their home schools upon release or prepare for the GED exam. They participate in community service projects and work with the teachers on skill-building and job preparation. Once a youth has completed residential treatment, he graduates to an intensive community aftercare program to maintain the support network necessary for a drug and alcohol free life.

## Silver Oak Academy (Private Provider)

Program Director: Kevin McLeod

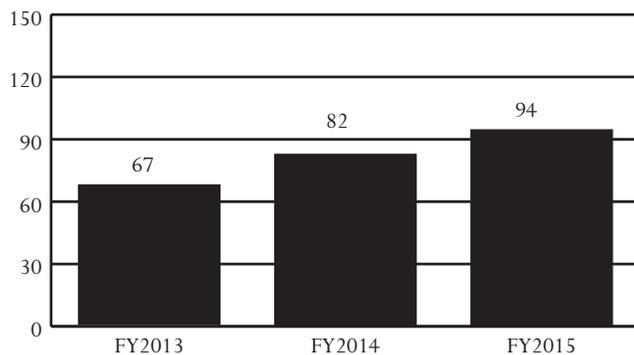

Staff Secure

Rated Capacity: 96 Males

999 Crouse Mill Road  
Keymar, Maryland 21757  
410-775-1745

Silver Oak Academy (SOA) is a private residential program owned and operated by Rite of Passage, Inc. SOA is an achievement-based program designed to highlight and develop positive pro-social skills and activities to assist students in transitioning to the community and being successful. The basis of achievement is measured through nine separate program elements. Silver Oak is privately owned and provides a residential placement option for youth referred by DJS. These students range in age from 14-18. Vocational training services include: food service & hospitality management, carpentry/electrical, construction/masonry, cosmetology/barbering, and electronics. SOA has a large campus that includes a year-round high school approved by Maryland State Department of Education, a competition gym (with wrestling and weight rooms), outdoor competition fields, and a running track. During FY 2014, the capacity at Silver Oak increased from 48 to 96.

## Community-Based Family Therapy Programs for Committed & Probation Youth

DJS uses research-supported, community-based family therapy programs to address the needs of youth, thereby reducing the likelihood of recidivism, and to reduce out-of-home placements. Evidence-Based Services (EBS) constitute those designated as “model” programs by Blueprints for Healthy Youth Development (Center for the Study and Prevention of Violence at the University of Colorado Boulder) and currently include Functional Family Therapy (FFT), Multisystemic Therapy (MST), and Multidimensional Treatment Foster Care - Adolescent (MTFC-A). These services are family-based therapeutic models shown to be effective with youth involved with the juvenile justice system. DJS primarily targets FFT and MST for juveniles on probation or aftercare supervision in the community and utilizes MTFC-A for committed youth. In addition, Family Centered Treatment (FCT), provided by the Institute for Family Centered Services, Inc., is a family preservation model of in-home treatment, which helps families to learn and adopt positive behavioral patterns. FCT is also utilized with committed and probation youth.

### PLACEMENTS AND ADP BY PROGRAM, FY 2015

EBS Providers		County / Region	Place.	ADP
FFT	Center for Children, Inc.	An. Arund.	93	22.6

		St. Mary's	16	9.2
		Mont.	31	14.6
		Pr. George's	55	29.4
		<b>Total Placements</b>		<b>All shown</b>

#### • Community-Based Family Therapy Program Placements (FY 2015):

- 54.2% of placements were to FFT.
- 9.9% of placements were to MST.
- 0.2% of placements were to MTFC.
- 35.8% of placements were to FCT.

#### • Juveniles Placed (FY 2015):

- At the time of placement to the Community-Based Family Therapy Programs, 53.9% of juveniles were under probation, 39.0% were on aftercare supervision, 3.5% were under pre-court supervision, 2.0% were under administrative, community detention, interstate compact, intake, and investigation combined. The remaining 1.6% were diversion cases without supervision.

#### • Most Common Offense Type (FY 2015):

- FFT was Second Degree Assault (24.0%).
- MST was Second Degree Assault (32.0%).
- MTFC was Narcotics Possession (50.0%) and Second Degree Assault (50.0%).
- FCT was Second Degree Assault (26.4%).

#### • Average Length of Stay (FY 2015):

- ALOS was highest for MTFC and lowest for FFT.

#### • Average Daily Population (FY 2015):

- ADP was similar for FFT and FCT and lowest for MTFC.

#### • Completion Status According to Program Specific Criteria (FY 2015):

- 72.6% of juveniles discharged from FFT\* completed the program.
- 79.0% of juveniles discharged from MST\* completed the program.
- One of the two juveniles discharged from MTFC\* completed the program.
- 60.7% of juveniles discharged from FCT\* completed the program.

\*Note that these percentages reflect cases discharged within therapist control.
