DIRECTIVE:

DJS staff shall enter a youth’s education profile and state assigned student ID number into DJS youth data system within the timeframes established by this directive.

DEFINITIONS

Education profile means the demographic information for a youth containing current school, start date, end date, grade level, highest grade level, special education status, and GED or diploma attainment.

State Assigned Student Identifier is the number assigned by the Maryland State Department of Education (MSDE) Unique Student Identifier System (USIS) for each student enrolled in and receiving services in Maryland local school systems. This number remains with the student as long as he/she is a student in a Maryland public school or re-enters a public school in Maryland. This number must be included on new entrants’ and current students’ records.

PROCEDURES

To ensure every youth who enters detention or is under supervision has an accurate education profile created, in ASSIST as shown below and SASID number entered into our data systems, employees shall complete the following:

The screenshot displays the ASSIST software interface for an education profile. The window title is "[Education Profile for 2625680 - Ducky, Daisy Mae Mae]". The interface includes a menu bar (File, Edit, Help, Windows) and buttons for Close and Save. The main area is divided into several sections:

- Schools/Absences:** A dropdown menu for "Highest Grade Completed" is set to "12". There are checkboxes for "Diploma", "GED", and "Records Received".
- Schools Table:**

FOR RESIDENTIAL STAFF:

The treatment program CMS shall ensure that education information is obtained at time of admission and create or update the youth’s education profile.

The facility CMS shall obtain the 10 digit SASID number from education staff within 2 two days of admission to detention and enter the number into DJS youth data system on the person view screen under “reference id”, type = SASID.

FOR COMMUNITY CMS STAFF:

Intake

When provided by the youth and family at the intake conference, record and enter the youth’s education profile information into ASSIST within 2 business days, including the youth’s SASID number if available.

PROBATION/AFTERCARE

As part of the investigation process (ICJ home study, social history investigation, waiver or transfer), review and update the youth’s education profile to ensure accurate information is being relayed to the court and parties of record.

Obtain the youth’s SASID number and enter it into DJS youth data system on the person view screen under “reference id”, type = SASID within 25 days of a youth being placed under supervision.

Update the education profile annually or whenever a significant change occurs, indicate changes in education status, school, grade, special education status, or academic achievement.

In METS, enter the numeric number, as shown below, from the client profile – other numbers screen, add type “SASID” and click finish.
