RE: DJS Visitation Changes in Response to COVID-19
DATE: March 19, 2020

Dear DJS Parent,

The Department of Juvenile Services is taking all preventive measures in our facilities to protect the health and well-being of your child from the possible exposure to the COVID-19 virus. The Department is following guidance from the Governor and the Health Department to minimize any contact with the youth. Unfortunately, DJS must discontinue all in-person visitation at this time.

DJS is encouraging you to visit your child remotely through cell phone or computer use. Please use the contact information below to set up a virtual visitation with your child.

Please be assured that any essential staff or workers who need to enter the facilities will be screened for signs and symptoms and possible exposure to COVID-19. In addition, if someone is determined to be at risk for having the COVID-19 virus, they will not be able to enter the grounds.

Please contact us if you have any questions.

Thank you for your understanding and please stay well.

For more information on COVID-19, visit health.maryland.gov/coronavirus.
