\*Data represents medical recoveries as determined by the Department's medical professionals.

\*\*Reported data includes staff who have medically recovered as well as staff who were able to return to work after illness. Data does not include the following: 6 staff who did not return to work after COVID illness as a result of being separated from employment and 2 COVID-related deaths.

Note: DJS recently revised the methodology for reporting staff data to focus on facility staff returning to work duties instead of a presumption of medical recovery.
