I. PURPOSE

As a department of the Executive Branch of government, DJS is required to coordinate its position on proposed legislation directly with the Governor's Legislative Office. Because of the number of proposals introduced each session, and the potential for conflict between departments on any one proposal, a formal process has been established within the Executive Branch to coordinate and approve all positions of the various State departments and agencies.

All legislative responses shall be consistent with the Department's mission, vision, and goals; the formal legislative process established within the Executive Branch; and this standard operating procedure.

- C. Any DJS staff under the authority of the Secretary who is asked to review

legislation by the Office of Legislation, Policy and Communications shall view the request as a priority and produce a response within forty-eight (48) hours of receipt, unless otherwise extended by the Legislative Liaison. All responses must be approved by the Legislative Liaison.
